Read the following paper:-

Letter from G.W.Wells Esquire, M.A., I.C.S., - Collector of South Kanara, D.Dis.No.1567/29, dated the 26th March 1929.

**

Board's Reference No.G-604/29.1, dated the 9th February 1929.

**

In consultation with the Officers concerned I find that the entire boundary between Mysore and South Kanara cannot be cleared off in a single year. It is not possible to begin or get through this work during the months of June to December. During the remaining five - months of the year, the best period should be selected, and the work finished as early as possible. They report that the line clearance in 1929-1930 can be made to a length of about

about 111 miles only and that the work will cost about Rs.880/-. The remaining work can therefore be undertaken during the next two years. I, therefore, request you to provide Rs.880/-for expenditure during the ensuing official year.

REFERENCE.

Submitted to Government with reference to their Endorsement No.3578 E/28.3, dated the 2nd February 1929.

2. The expenditure of Rs.880/- referred to can be met from the provision of Rs.2,500/- specified in items (i) and (v) under paragraph 4 of the letter of the Government of Madras No.2848 E/28.2, dated the 2nd October 1928 to the Government of India,

Assistant Secretary.
